

# Selecting the correct wind rated CONTAIN-A-COVER Kit

## Wind Rating Information

- Wind Zone A (45m/sec)
- Wind Zone B (57/m sec)
- Wind Zone C (66m/sec)
- Wind Zone D (80m/sec)

Australian Wind Zone Building Standards determines your selection of a CONTAIN-A-COVER Kit

Could the CONTAIN-A-COVER be:

- relocated to a stronger wind zone or coastal area ?
- Placed on a ridge line ?
- Placed in a position exposed to high wind ?
